

CRDF GLOBAL

REQUEST FOR INFORMATION – Cybersecurity Expert(s)

Deadline: Submissions will be reviewed on a rolling basis

Summary:

CRDF Global is seeking cybersecurity subject matter experts (SME) with experience working with financial institutions to provide instruction and hands-on training to information technology and cybersecurity professionals in partner countries to prevent state-sponsored cyber-attacks, particularly attacks from the Democratic People's Republic of Korea (DPRK). Potential experts will build material and exercises to train cybersecurity professionals from at-risk financial institutions via remote (Zoom) and in-person (health conditions allowing) instruction.

Scope of Work:

Project objectives can include enhancing the capacity of cybersecurity professionals in partner countries, identifying and responding to malware and other attacks, improving private sector cyber threat awareness, and enhancing cybersecurity best-practices implementation within institutions at elevated risk of being targeted by malicious cyber activities. Experts should have experience implementing and upgrading cybersecurity systems at financial institutions.

SMEs will work with CRDF Global to customize the training materials for participants based on the location of the engagement. SMEs will lead efforts on producing survey questions and agendas for the engagements, providing tailored case studies of DPRK cyber activities, and will work with CRDF Global to facilitate workshops and follow-on activities. Following the curriculum development, the SMEs will deliver the trainings. SMEs will be required to submit progress reports and a final report on work accomplished and recommendations for next steps.

SME Requirements:

- Thorough knowledge of international regulations, standards, and best practices in cybersecurity at financial institutions.
- Demonstrated expertise in implementing and upgrading cybersecurity systems at financial institutions.
- Knowledgeable about DPRK-affiliated cyber-attack case studies and how to mitigate them.
- Experience working, and ability to travel, internationally.
- Expertise in developing standard operating procedures (SOPs) and training plans preferred.
- A strong candidate for this work would be able to demonstrate past research and reporting experience.

Submission Requirements:

Each submission must include:

- Statement of Interest and Technical Capabilities
- Proposed Labor Rates
- CV(s)
- List of recent experience in the cybersecurity subject matter area
- Applicable references and/or past performance
- Any Small or Disadvantaged Business Designations (Veteran Owned, HUB Zone, Women Owned, Disadvantaged Businesses)

SME Selection Criteria:

CRDF Global may select the subject matter experts who provide the best value in terms of expertise, past performance, and labor rate. The SME should have proven experience working with financial institutions on cybersecurity.

CRDF Global provides equal opportunities to all qualified individuals without regard to age, race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran, or disabled status. We are committed to prioritizing an inclusive and collaborative space in which diversity and equity is discussed, championed, and supported. We acknowledge and honor the fundamental value and dignity of all individuals. We pledge ourselves to creating and maintaining an environment that respects diverse traditions, heritages, and experiences.

CRDF Global is committed to not sponsoring single-gender panels whenever possible. We will consider the gender-balance of proposed subject matter expert teams and speakers when evaluating proposals

Submission:

Submissions should be submitted to the attention of:

Submissions should have "SME Cybersecurity_[Name]" in the subject line and submissions will be reviewed on a rolling basis. Submissions should be electronic documents in PDF, Word, or Excel format.

Background:

CRDF Global is an independent nonprofit organization founded in 1995 in response to the collapse of the Soviet Union and the threat of large-scale proliferation of weapons technology from the region. With support authorized by the Nunn-Lugar Act of 1991 and the Freedom Support Act of 1992, as well private foundation contributions, CRDF Global embarked on bolstering the global scientific community and fostering alternatives to weapons research.

In the past 25 years, our work has expanded to address ever-changing global concerns, but our commitment to ensuring the success of our partners remains the same. We are a leading provider of flexible logistical support, program design and management, and strategic capacity building programs in the areas of higher education, CBRNE security and nonproliferation, border security, cybersecurity, global health, technology entrepreneurship, and international professional exchanges.

With offices in Arlington, VA; Kyiv, Ukraine; and Amman, Jordan, CRDF Global's diverse staff and networks of local community and government stakeholders deliver tailored programs that meet specific regional needs in over 100 countries across the globe.

Vision Statement:

Our world, healthy, safe, and sustainable.

Mission Statement:

Safety, security, and sustainability through science, innovation, and collaboration.

INSPIRED BY PEOPLE | DRIVEN BY SCIENCE

Values:

We do the right thing.

We care about each other and the people we work with.

We work together to deliver excellence
